Plans and Specifications furnished and Estimates made

—ORDERS SOLICITED—

GUTHRIE ENTERPRISE.

A Trip Through the Country via Sadlersville and Keyburg.

The Guthrie people have had a move on foot for more than a year to establish a first-class preparatory or high school. Finding that talk amounted to nothing, they have at last gone down into their pockets and raised the fund to erect a splendid school building. In order to make a sure thing doubly sure, placing the school on a solid basis, independent of any and all factions that might possibly arise and free from controversy, they have made arrangements with the trustees of the Bethel College at Russellville, by which the Bethel is to endow the school, have full charge of same, and furnish competent teachers for preparing students to enter any college or university in the land. The Guthrie people on their part have provided a beautiful, elevated lot of twenty acres, known as Taylor's hill, at the northeast junction of the railroad, in full view from the passenger depot and the Grant House and have raised \$12,000 for the erection of the building and ornamentation of the grounds. The trade has been closed and everybody is jubilant and happy over the result. The property is to be deeded to Bethel College, and the contract provides for three local trustees. Messrs. A. F. Rogers, Frank Walton and Robt. Lester were elected to fill the places, and in the event Bethel College should ever fail or refuse to carry out the contract, the property reverts to the Guthrie trustees. In all events Guthrie is now assured of a first-class school and it promises to be a paying enterprise from the beginning. It will have a substantial local patronage. Bethel College will transfer its preparatory classes to this school. The building contract will be let out at once and is to be completed for the opening of the September term of the school. The grounds are to be laid out and highly ornamented, and the building and entire premises supplied with pure spring water by pipes connected with the water works system.

Guthrie is taking on city airs, and presents evidence of improvement on every side. The population has doubled in the past two years. Guthrie now has twenty-four business houses, a bank, two hotels, two livery stables, a large flouring mill, and all appear to have a lively, prosperous business. The place has the best system of waterworks in the country, erected by the railroad company and Guthrie capital. Its capacity is 25,000 gallons of water per hour, brought from the Meriwether spring—pure and most excellent water, supplying the town and from forty to sixty trains per day.

The L. & N. Company has lately erected an elegant and cosy depot building, fitted up as neat as a parlor. The place can also boast of one of the best managed hotels in the country, which makes travelers comfortable while waiting, and that adds much to the character of the place. The Peoples' Bank, lately established by Ned Bryan, W. W. McMurtry and others, has come to be a great convenience to the people of the surrounding country, and is doing much toward building up a lively business for the trade. Guthrie is now out of debt, and the people feel that they are on the highway to prosperity.

SADLERSVILLE is a nice railroad station and post-office. Bescom Batts, well known here, keeps a good stock of general merchandise, and being surrounded by a good community is making herself popular and useful. The Methodist people have lately built a handsome church at this place and finished paying for it, and have just bought a house and seven acres of ground—the T. J. Mitchell place, for a parsonage for Pastor Smith, paying cash for the same, and are going to repair it in handsome style, when they will have one of the cozier parsonages in the country. Messrs. C. C. Carlisle, Wm. Warfield, Bascom Batts, and Dr. Bradley, the good physician, are the trustees.

The LEAF-CHRONICLE reporter met a good many substantial citizens at Sadlersville, all of whom were in a cheerful mood over the outlook. They discussed farming with cheery hopes and talked much about true Democracy, a decided majority being in favor of "Old Pete," "Our Joe" and Senator Bate. We paid a visit to the family of Mr. S. F. Mitchell—a most delightful retreat from the bustle of the city. It was pleasant to view the broad acres of green wheat and grass, and hear the cheerful notes of the mocking birds, where they are plentiful. Mr. Mitchell is now eighty-four years of age, and no youngster beats him getting around. He is a regular hustler; cuts and splits wood and kicks the mules around for pasture. He keeps a fat horse on which to gallop over the

farm and to Sadlersville every day for his mail.

KEYSBURG, KY.

was taken in Sunday. We paid a short visit to Dr. Farmer's family and attended church. The Methodist people there have a very handsome new church and a very popular preacher in the person of Pastor Stubblefield—a strong minister who preaches straight from the shoulder and hits the mark every time.

The country all along the route traveled is in a good fix and everything looks cheerful and promising. Spring work is well advanced with the exception of corn-planting, which will be late, owing to the heavy rains and cold snap. The land, however, had been plowed ready for planting and the work will progress rapidly as soon as the weather gets warm.

The fruit crop escaped with little or no damage from the heavy frost Sunday morning, and there will be plenty of peaches, apples, cherries, etc.

Guaranteed Cure for La Grippe.

We authorize our advertised druggist to sell you Dr. King's New Discovery for Consumption, Coughs and Colds, upon this condition. If you are afflicted with La Grippe and will use this remedy according to directions, giving it a fair trial, and experience no benefit, you may return the bottle and have your money refunded. We make this offer because of the wonderful success of Dr. King's New Discovery during the last season's epidemic. Have heard of no case in which it failed. Try it. Trial bottles free at Owen & Moore's Drug Store. Large size 50c and \$1.00.

Fine Tobacco.

Grub, Fuqua, who lives near Guthrie, in Montgomery county, has delivered thirteen acres of his tobacco crop, which weighed out 1,450 lbs. to the acre. This tobacco was planted three and a half feet apart, or 3,500 plants to the acre, topped as usual to ten leaves. He raised some thirty acres and it is now evident that the whole crop will average 1,400 pounds to the acre and only one-tenth lugs. Mr. Fuqua sold early to C. R. Hallums for seven cents round, and Mr. Hallums is greatly pleased with the purchase.

Good Looks.

Good looks are more than skin deep depending upon a healthy condition of all the vital organs. If the liver be inactive you have a Bilious Look, if your stomach be disordered you have a Dyspeptic Look, if your kidneys be affected you have a Pinched Look. Secure good health and you will have good looks. Electric Bitters is the great alternative and Tonic acts directly on these vital organs. Cures Pimples, Blisters, Boils and gives a good complexion. Sold at Owen & Moore's Drug Store, 50c per bottle.

Reward of Merit.

Edwin F. Ligon, of Sheffield, Ala., is now visiting his old home at St. Bethlehem. Mr. Ligon is a Montgomery county boy who has made a success in business at Sheffield. He left here only a few years ago, obtaining work at the Lady Enslay Furnace at a small salary. By dint of hard work and strict attention to business he has been promoted to the position of night foundryman at this big furnace. He is a clever gentleman, who is possessed of an energy and skill that will insure him a competency wherever he goes.

The Golden Secret of Long Life.

Keep the head cool, the feet warm and the bowels open. Aunt Fanny's Health Restorer is a Vegetable preparation and acts as a natural laxative, and is the greatest remedy ever discovered for the Cure of Dyspepsia, Liver Complaint, and all Blood, Liver and Kidney Diseases. Our immense garden seed trough is constantly being emptied because we sell Landreth's fresh seed so cheap and have a grand selection. CLARKSVILLE DRUG CO., T. A. Thomas, Mgr.

Dress Making.

I wish to inform my friends and the public that I am now with Tiny Cooper, and will be pleased to receive their orders for dress-making. MRS. C. P. LYNE.

ACCIDENT ON SECOND STREET.

Miss Kate Webb, of Paducah, suffers by a Runaway Horse.

An accident that happened on Second street, near West avenue, last evening, came near resulting seriously to Miss Kate Webb, of Paducah, who is the guest of Miss Inez Whitfield.

The young lady was riding in a buggy with W. S. Payne. When at the intersection of Second street and West avenue, going north, a boy jumped over the fence and frightened the horse. The animal dashed down the hill at a high rate of speed. Running against the bank on the side of the street, the buggy was overturned and the young lady thrown violently to the ground. The horse kept on, dragging Mr. Payne some distance, bruising his arm and hand slightly. Mrs. Jno. S. Neblett, who happened to be passing, ran to the assistance of Miss Webb and found her in an unconscious condition. A hack was soon called and the young lady was taken to the Arlington, where, under the influence of restoratives, she quickly recovered consciousness. A medical examination showed that her wounds were painful but not serious. She rested well during the night and is much better to-day. The young lady's head and face were severely bruised and the shock was a considerable strain on her nervous system. She will be entirely recovered, however, in a short time.

Bucklen's Arnica Salve.

The best salve in the world for cuts, bruises, ulcers, salt rheum, fever sores, tetter, chapped hands, chilblains, corns, and all skin eruptions, and positively cures piles, or no pay required. It is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box. For sale by Owen & Moore.

PROGRAMME OF MUSIC.

Easter Sunday, April 17th, 1892, at Trinity Church, Clarksville, Tenn.

Service—Morning prayer and communion, 8 a. m. Full morning service and sermon, 11 a. m.

From Sire to Son.

As a family Medicine Aunt Fanny's Health Restorer passes from sire to son as a legacy. If you have Kidney, Liver or blood disorder do not delay, but get a free sample package of this remedy at once. If you have Indigestion, Constipation, Headache, Rheumatism, etc., this grand specific will cure you. Tudhope Drug Co., the leading druggists, are distributing sample free to the afflicted. Large packages 50c.

THE MINERAL ROAD.

The Control Let to Jos. Coyne & Bro., of Louisville.

The contract for the completion of the grading in the gap on the Mineral road, was let yesterday to Joseph Coyne & Bro., of Louisville, and they are to begin the work immediately. This gap consists of seven miles south of the Dickinson county line, which is already cleared off and ready for the pick and shovel, and it will be only a few months work, as it is the lightest grading on the line until the road will be completed through to Dickson.

In Holland, Mich., C. J. Doersbury publishes the News, and in its columns strongly recommends Dr. Thomas' Electric Oil for coughs, colds, sore throat, catarrh and asthma. Sold by Tudhope Drug Company.

R. W. Roach has something interesting to buyers of dry goods in this issue, to which attention is called. Mr. Roach is always there when it comes to a clean stock of goods, and his spring display is no exception to this rule.

One hundred ladies and gentlemen in Clarksville have reported to T. A. Thomas that "Vitalia" cured them entirely of Dyspepsia. CLARKSVILLE DRUG CO.

all, 60c

Bloch Bros' stock of ladies' Low Shoes will compare many new and attractive styles and we solicit early inspection. m22d4wtf

New line of spring carpets at E. Glick's. a2 dff.

THEY WANT FREE BRIDGES.

What a Prominent Merchant Thinks they Would do for Clarksville.

The bridge question won't dawn. A prominent merchant stopped a reporter on the streets last evening and asked him why the newspapers had stopped advocating the question of free bridges for Montgomery county. Said he: "I don't believe that any question has more importance in its bearing on Clarksville's future than the one of free bridges."

There is very little doubt but that the gentleman is right. There is not a pike or road leading into Clarksville that does not tax the people some way. It is either a toll-gate, toll-bridge or ferry. It would be interesting to know the exact amount expended in this way during the year by the people who do their trading here. This is not all. The people go to other places to purchase goods because they have to pay this tax to get into the city. It is a very deplorable state of affairs for a big county like Montgomery. There should not be a toll-bridge, gate or ferry within her limits. It would put a tax on the property owner to free all of them, but when the amount necessary to purchase the same has been paid, the burden will be forever lifted off. It is a live question and will never down until the Chinese wall is removed.

The Power of Money.

What an influence is exerted for good or evil by the proper or improper use of money. It seems to be the first essential of modern life. Sad indeed is the lot of that man or that woman without money and without friends. Especially in cases of sickness is the need of money felt most pressing, and yet even the rich with all their money fall into a state of poor health and die, whereas if their money was rightly expended and the proper remedies applied they might reach health and strength.

Z. A. Clark, Atlanta, Ga., says: "I spent four hundred and eighty dollars in gold to cure me of a terrible blood poison that effected my limbs and nose and body with running ulcers. One month's treatment of B. B. healed the ulcers, restored my appetite, strengthened my kidneys and added 21 pounds to my weight." Still, in spite of this and other testimony, there are many who refuse to try the remedy, seeming to prefer to pay large fees to physicians, or visit distant springs in vain hopes of recovery. The great truth, however, ever shines brightly, and that is that no one who ever gave B. B. B. (Botanic Blood Balm) a trial ever found disappointment therein.

O. H. Rudolph, Talladega, Fla., writes: "I had blood disease six years, but nothing benefited me, although I paid two hundred and fifty dollars for treatment. At last I tried B. B. B. and found it quick and cheap blood purifier." For sale by Owen & Moore.

THOSE MONUMENTS.

Mitchell & Co. on One Side and Samuel Hodgson on the Other.

The people of Clarksville have an opportunity to see the designs of two handsome monuments. The one selected by the Monumental Committee is in one window and that presented by Mr. Hodgson is in another at Lockert & Aszew's. They are both beautiful and are attracting much interest. Many think the second choice is a better monument than the first. The monument selected has three figures on it, while Mr. Hodgson's has only one. Remove the two figures from the Mitchell monument and it will not compare with the one offered by Mr. Hodgson. The figures, however, are very desirable and will give the monument a better appearance when it is put in Greenwood. The inscription on the monument is as follows:

CLARKSVILLE TO HER SOHNS WHO DIED IN SUPPORT OF THEIR CONVICTIONS. 1891-1895.

Below this appear the words:

CONFEDERATE MEMORIAL.

It is admired by every one who sees it, and will be a fit emblem to rear as a token of love to the heroes who poured out their blood in defense of the Southland.

We are sole agents for Imperial Shoe Polish the ladies are talking about so much. Don't crack. Polishes kid gloves splendidly also. CLARKSVILLE DRUG CO. all, 5c

Bloch Bros' clothing department is crowded with a nobby line of men's and boys' Suits in the new and desirable coloring. They are made up in the best of style and their prices are the lowest. m22d4wtf

Excelsior Water cures biliousness and headaches. Try it. On draught and in bottles at Tudhope Drug Co'. f20dcodtf

WANTED—A city, water or hotel bond. Box 200. s13,d6t

MRS. GARFIELD'S PLEA.

She Secures a Consular Service for Cyrus W. Field, Jr.

NEW YORK, April 13.—A special to The Herald from Washington says: Cyrus W. Field, Jr., of New York, is to be given a place in the foreign service. He may be sent abroad to fill one of the several vacancies existing in the consular service, and it is not improbable that a secretaryship of legation may be tendered to him.

His efforts to secure employment for himself are rendered necessary, he says, by the financial reverses which the head of the family has recently suffered. Secretary Tracy, Colonel E. F. Shepard and other well known New Yorkers interested themselves in his behalf. They laid the matter before President Harrison, and the latter promised to give it careful consideration. He did nothing, however, and Mr. Field began to despair.

About ten days ago Mrs. Garfield, widow of President Garfield, came to Washington. She heard of Mr. Field's application, and she heard, too, that the young man was not a little disturbed by the president's delay in acting favorably upon it. She went at once to the executive mansion and sought an interview with Mr. Harrison.

The latter inquired the reason of her interest. She replied that she owed everything she had to the kindness of Cyrus W. Field, Sr. Then she went on to tell the president that after the death of her husband in the autumn of 1881, Mr. Field inaugurated the movement looking to the creation of a fund for the maintenance of her children and herself.

"Now," she added, "the elder Field is broken in health and purse, and the least I can do is to raise my voice in behalf of his son, who desires to secure employment whereby he may support himself."

It was all she said, the only favor she had ever asked of President Harrison and it was the only one she ever would ask if the latter would grant it. The president told her that he had failed to do for Messrs. Tracy, Shepard and others what had been done for her. Then he sent for Mr. Field. He told him the pay of consular officials was begrudging as a reward. But he assured him that if he wanted to go abroad that the privilege would be given him.

Mr. Field insisted that he needed the salary, no matter how unremunerative the places were, and the president told him to go back to New York and await the appointment. It is not probable that his name will be sent to the senate during the present week.

An Odd Passenger Car.

PITTSBURGH, April 13.—An experimental car, designed for use in transporting passengers to and from Chicago during the world's fair, is being built at the Panhandle railroad shops at Columbus. The structure is that of a gondola freight car, but the springs and the upper portion is that of a passenger coach. Should the car prove suitable in every respect it is the intention to construct a large number of the same pattern. Just how many will be needed has not been decided upon as yet. The idea in securing this pattern of rolling stock is to avoid having an unusual number of passenger coaches on hand after the great exhibition is over, for which use can not be found. With but little expense the gondola passenger coach could be converted into a simple freight car for which there is almost always a demand.

STRUCK THE RIGHT MAN.

Fatal Encounter Between a Rowdy and a Conductor.

VERNON, Ind., April 13.—Just before the 9 o'clock Cincinnati, Washak and Michigan train left here Tuesday morning, Sabe Divine entered the ladies' coach for Rushville. Divine was intoxicated, and Conductor Scott attempted to remove him to the baggage car. Divine drew a revolver, and in an attempt to shoot Scott, the revolver was discharged in the scuffle. The ball entered Divine's body, killing him instantly.

MURDERER CHASED BY A MOB. He Quickly Suffers the Fate He Brought Upon Another.

VIENNA, Ga., April 13.—Bill West, a colored desperado, quarreled with John Roberts, another negro, at Pima, Ga., Monday, and shot him dead. A crowd of people chased West and shot him down, killing him instantly.

A N-Drashon Protest.

LINCOLN, Neb., April 13.—At a mass-meeting of representative citizens held to protest against the passing of the bill now pending before congress, making a \$100,000 appropriation to defray the expenses of the next Grand Army encampment, which will be held in Washington, resolutions were adopted instructing Nebraska congressmen not to vote for the bill. A protest will be laid before the appropriation committee.

Held to Blame for a Child's Death.

ZANESVILLE, O., April 13.—The health officers here entrusted the placing of a placard on a house where there was a scarlet rash case to the attending physician. The family refused to put it up and the death of a little daughter of Frank Abbott is attributed to this cause. The father did not know the nature of the disease and allowed the child to visit the patient.

A Mighty Mean Man.

COLUMBUS, O., April 13.—A few days ago the wife of Jacob Brown, colored, died. The family was in destitute circumstances and neighbors raised money to bury her. They discovered Tuesday morning that he took the money and went on a spree, the remains being still unburied. The neighbors are looking for Brown to tar and feather him.

Two Earthquake Shocks.

UTICA, N. Y., April 13.—Two earthquake shocks were felt in this city and vicinity Tuesday morning. The first shock occurred at 11:50 and was very distinct. The shocks were also felt in Montgomery, Warren and Otsego counties.

Child Disemboweled.

COLUMBUS, O., April 13.—Jessie, the four-year-old daughter of Jacob S. Scherzinger, living on Fifth avenue, fell from a shed onto a picket fence Tuesday morning, and was disemboweled.

Joe Green, a tramp, from Akron, lost both legs while attempting to board a train at Philadelphia.
